

CURRICULUM VITAE

Michael A. Novak, MD

OFFICE ADDRESSES Retina Associates of Cleveland, Inc.
3401 Enterprise Parkway, Suite 300; Cleveland, Ohio 44122
14601 Detroit Avenue, Suite 200; Cleveland, Ohio 44107
15299 East Bagley Road, Suite 200; Cleveland, Ohio 44130
1 Park West, Suite 150; Akron, Ohio 44320
3919 East Market Street; Warren, Ohio 44484
9485 Mentor Avenue, Suite 211 ; Mentor, Ohio 44060
6100 South Broadway Avenue, Suite 200; Lorain, Ohio 44052

TELEPHONE 216-831-5700

EDUCATION

College Adelbert College, Case Western Reserve University
Cleveland, Ohio
1969-1973, BA

Medical School Case Western Reserve University School of Medicine,
Cleveland, Ohio
1973-1977, MD

POSTGRADUATE TRAINING

Internship Medicine
University Hospitals of Cleveland
Cleveland, Ohio
1977-1978

Residency Ophthalmology
The Wilmer Ophthalmological Institute of the Johns Hopkins Hospital
The Johns Hopkins University School of Medicine
Baltimore, Maryland
1978-1981

Fellowship Retina and Vitreous Diseases and Surgery
The Wilmer Ophthalmological Institute of the Johns Hopkins Hospital
The Johns Hopkins University School of Medicine
Baltimore, Maryland
1981-1982

Chief Resident, Assistant Chief of Service
The Wilmer Ophthalmological Institute of the Johns Hopkins Hospital
The Johns Hopkins University School of Medicine
Baltimore, Maryland
1982-1983

LICENSURE AND BOARD CERTIFICATION

Licensed to practice medicine in Ohio
Diplomate, American Board of Ophthalmology, 1982

PROFESSIONAL POSITIONS

Retina Associates of Cleveland, 1983-
Practice limited to retinal diseases and surgery. Associates: Lawrence J. Singerman, MD;
Hernando Zegarra, MD; Z. Nicholas Zakov, MD; Scott D. Pendergast, MD; David G.
Miller, MD; Joseph M. Coney, MD; Jerome P. Schartman, MD

ACADEMIC APPOINTMENTS

Assistant Clinical Professor of Ophthalmology
Case Western Reserve University School of Medicine
1983-2002

Instructor in Ophthalmology
The Johns Hopkins University School of Medicine
1982-1983

PROFESSIONAL SOCIETIES AND COMMITTEES

Diabetes Education Committee
Hillcrest Hospital
1991

Diabetes Advisory Committee
International Diabetes Center
Marymount Hospital
1988

Quality Assurance Committee
Department of Surgery
St. Luke's Hospital
1986, 1987, 1988

Library Committee
St. Luke's Hospital
1986, 1987

Investigational Review Board
Hillcrest Hospital
1985, 1986

HONORS AND AWARDS

Best Doctors in America, 2011

Best Doctors in Cleveland, *Cleveland Magazine*, 2011

Member, Phi Beta Kappa

Honor Award
American Academy of Ophthalmology, 1992

Teaching Award
Mount Sinai Medical Center of Cleveland
Ophthalmology Residents Program, 1986, 1987

Teaching Award
St. Luke's Hospital of Cleveland
Ophthalmology Residents Program, 1985

Co-recipient, First Annual Outstanding Teacher Award
Case Western Reserve University Hospitals
Ophthalmology Residents Program, 1985

MEMBERSHIPS

American Academy of Ophthalmology
American Society of Retinal Specialists (formerly the Vitreous Society)
American Medical Association
Association for Research in Vision and Ophthalmology
Cleveland Academy of Medicine
Cleveland Ophthalmological Society
Diabetes Association of Greater Cleveland
Member, Board of Trustees, 1988
European VitreoRetinal Society
Macula Society
Ohio Medical Association
Ohio Ophthalmological Society
Member, Board of Governors, 1986-1988

Retina Society
Wilmer Residents Association

HOSPITAL AFFILIATIONS

Akron General Medical Center; Akron, Ohio (1994-)
St. John West Shore Hospital; Westlake, Ohio (1987-)
Southwest Medical Center; Middleburg Hts, Ohio (1987-)
Marymount Hospital; Garfield Heights, Ohio (1986-)
Fairview General Hospital; Cleveland, Ohio (1985-)
University Hospitals of Cleveland; Cleveland, Ohio (1985-)
Hillcrest Hospital; Mayfield Heights, Ohio (1984-)
MetroHealth Medical Center; Cleveland, Ohio (1984-2009)
Lakewood Hospital; Lakewood, Ohio (1983-)

TEACHING ACTIVITIES

Ophthalmology residents, Case Western Reserve University

- Retina Clinic and surgery supervision, MetroHealth Medical Center, 1983 – (2-3 hours every other week)
- Clinical Conferences and Fluorescein Angiography Conferences, 1983 – (5-8 hours per year)

Ophthalmology residents, St. Luke's Medical Center of Cleveland

- General Clinic and Retina Clinic, 1983-1986
- Lectures and Clinical Conferences, 1983 to 1999 (12 hours per year)

Ophthalmology residents, Mount Sinai Medical Center of Cleveland

- Retina Clinic and surgery supervision, 1983 to 2000 (3-4 hours every other week)
- Lectures and Clinical Conferences, 1983 to 2000 (4-6 hours per year)

American Academy of Ophthalmology Meeting Annual Courses:

- Complications of vitreous surgery, 1982 (3 hours)
- Evaluation and management of proliferative retinopathies, 1983-1990
- Management of rubeosis iridis and neovascular glaucoma, 1990, 1991
- Guidelines for Evaluating and Treating Choroidal Neovascularization, 1998, 1999

American College of Surgeons Clinical Congress

- Postgraduate course: Update on ophthalmic laser surgery – central serous chorioretinopathy, 1985

RESEARCH ACTIVITIES

NIH-funded Grants

DRCRnet Protocol N. Evaluation of intravitreal ranibizumab for vitreous hemorrhage due to proliferative diabetic retinopathy.

Principal Investigator, 2010-

DRCRnet Protocol O. Comparison of time-domain OCT and spectral domain OCT retinal thickness measurement in diabetic macular edema

Principal Investigator, 2009-

DRCRnet Protocol I. Intravitreal ranibizumab or triamcinolone acetonide in combination with laser photocoagulation for diabetic macular edema

Principal Investigator, 2007-

Age-Related Eye Disease Study 2

Principal investigator, 2006-

DRCRnet Protocol K. Course of response to focal photocoagulation for diabetic macular edema

Co-investigator, 2007-2008

Comparison of age-related macular degeneration treatments trials: Lucentis-Avastin trial (CATT)

Co-investigator, 2008-

DRCRnet Protocol H. A Phase 2 evaluation of anti-VEGF therapy for diabetic macular edema: bevacizumab (Avastin)

Co-investigator, 2006-2008

DRCRnet Protocol E. A pilot study of peribulbar triamcinolone acetonide for diabetic macular edema

Co-investigator, 2005-2007

Standard Care vs. COrticosteroid for REtinal Vein Occlusion (SCORE) Study

Co-investigator, 2004-2009

Diabetic Retinopathy Clinical Research Network (DRCRnet) Protocol #1A. A pilot study of laser photocoagulation for diabetic macular edema

Co-investigator, 2004-2007

DRCRnet Protocol B. A randomized trial comparing intravitreal triamcinolone acetonide and laser photocoagulation for diabetic macular edema

Co-investigator, 2004-2007

Family Investigation of Nephropathy and Diabetes (FIND)
Co-investigator/Study Ophthalmologist, 2003-

Complications of Age-related Macular Degeneration Prevention Trial (CAPT)
Co-investigator, 1998- 2007

Submacular Surgery Trials
Co-investigator, 1995-2004

Choroidal Neovascularization Prevention Trial – Pilot Study
Co-investigator, 1995-2001

Endophthalmitis Vitrectomy Study
Co-investigator, 1988-1994

Vitrectomy for Prevention of Macular Holes Study
Co-investigator, 1988-1994

Collaborative Ocular Melanoma Study (COMS)
Following and Enucleating Ophthalmologist, 1987-2003

Diabetes Control and Complications Trial
Ophthalmologist, 1983-1994

Krypton Argon Regression of Neovascularization Study
Co-investigator, 1983-1993

Macular Photocoagulation Study
Co-investigator, 1983-1993

Other National Clinical Trials

OMEGA: A randomized, double-masked, dose-ranging, multi-center, phase II study comparing the safety and efficacy of OT-551 with placebo to treat geographic atrophy associated with age-related macular degeneration
Principal investigator, 2006-2009

A multi-center, double-masked, randomized, vehicle-controlled, parallel group evaluation of the safety and efficacy of OT-551 ophthalmic solution to prevent formation or delay progression of nuclear cataract formation in post-vitrectomy patients
Principal investigator, 2005-2007

Visudyne Patient Registry
Principal investigator, 2005-2007

Phase 2b dose-ranging study of pazopanib eye drops versus ranibizumab intravitreal injections for the treatment of neovascular age-related macular degeneration
Co-investigator, 2010-

Phase III, double-masked, multicenter, randomized, active treatment-controlled study of the efficacy and safety of 0.5 mg and 2.0 mg ranibizumab administered monthly or on an as-needed basis (PRN) in patients with subfoveal neovascular age-related macular degeneration (HARBOR) (Genentech)

Co-investigator, 2009-

Impact of Lucentis on psychological morbidity in patients with macular edema and neovascularization secondary to retinal vein occlusion

Co-investigator, 2009-

Phase 2, randomized, double-masked, controlled trial to establish the safety and efficacy of intravitreal injections of E10030 (anti-PDGF pegylated aptamer) given in combination with Lucentis® in subjects with neovascular age-related macular degeneration

Co-investigator, 2009-

Phase 1a, multicenter, open-label, single-dose, dose-escalation study of the safety, tolerability, pharmacokinetics, and immunogenicity of intravitreal injections of FCFD4514S in patients with geographic atrophy

Co-investigator, 2009-2010

Phase II, randomized, double-masked, placebo- controlled, add-on study to assess the efficacy of oral aliskiren 300 mg one daily for diabetic macular edema

Co-investigator, 2009-2010

Geographic Atrophy Treatment Evaluation (GATE) Study

Co-investigator, 2009-

Phase 2, randomized, double-masked, placebo-controlled, dose-ranging clinical study to assess the safety and efficacy of subconjunctival injections of sirolimus in patients with DME secondary to diabetic retinopathy

Co-investigator, 2008-2010

Natural History of Geographic Atrophy Progression (GAP) Study

Co-investigator, 2008-

Phase 2, randomized, double-masked, placebo-controlled, dose-ranging clinical study to assess the safety and efficacy of subconjunctival injections of sirolimus in patients with diabetic macular edema secondary to diabetic retinopathy

Co-investigator, 2008-2010

Phase 1, single ascending dose and parallel group trial to establish the safety, tolerability, and pharmacokinetic profile of multiple intravitreal injections of Volociximab ($\alpha 5\beta 1$ integrin antagonist) as monotherapy or given in combination with Lucentis 0.5mg/eye in subjects with neovascular AMD (Ophthotech 3000)

Co-investigator, 2008-

Safety and efficacy of 700ug dexamethasone posterior segment drug delivery system (DEXDDS) applicator system in combination with laser photocoagulation compared with

laser photocoagulation alone in the treatment of diffuse macular edema (DME)

Co-investigator, 2008-2009

Anecortave acetate for treatment of steroid- induced intraocular pressure (IOP) elevation

Co-investigator, 2008-2010

Phase I, single ascending dose trial to establish the safety, tolerability, and pharmacokinetic profile of intravitreal injections of E10030 (anti-PDGF pegylated aptamer) monotherapy and of E10030 given in combination with Lucentis 0.3mg/eye in subjects with neovascular AMD

Co-investigator, 2007-

A multicenter, randomized, placebo-controlled, double-masked, parallel group, dose-ranging clinical trial of intravitreal microplasmin in patients undergoing surgical vitrectomy: The MIVI III (Microplasmin for Vitreous Injection III) Trial

Co-investigator, 2007-2008

A masked, multicenter, randomized, controlled trial to assess the safety and efficacy of 700 µg dexamethasone posterior segment drug delivery system (DEX PS DDS) applicator system in combination with laser photocoagulation compared with laser photocoagulation alone in the treatment of subjects with diffuse diabetic macular edema

Co-investigator, 2007-2009

A study of ranibizumab injection in subjects with clinically significant with macular edema center involvement secondary to diabetes mellitus (RIDE)

Co-investigator, 2007-

Indocyanine green (ICG) angiographic evaluation of ranibizumab (Lucentis®) treatment of pigment epithelial detachment (PED) associated with age-related macular degeneration (AMD)

Co-investigator, 2007-2009

COBALT: COmbining Bevasiranib And Lucentis Therapy. A phase III, randomized, double-masked, parallel-assignment study of intravitreal bevasiranib sodium, administered every 8 or 12 weeks as maintenance therapy following three injections of Lucentis®, compared with Lucentis® monotherapy every 4 weeks in patients with exudative age-related macular degeneration (AMD)

Co-investigator, 2007-2008

Denali: a 24-month randomized, double-masked, controlled, multicenter, phase IIIB study assessing safety and efficacy of verteporfin (Visudyne® photodynamic therapy administered in conjunction with ranibizumab (Lucentis®) versus ranibizumab (Lucentis®) monotherapy in patients with subfoveal choroidal neovascularization secondary to age-related macular degeneration

Co-investigator, 2007

Age-related Macular Degeneration: Detection of Onset of new Choroidal neovascularization (AMD DOC) study comparing preferential hyperacuity perimetry (PHP) with supervised Amsler grid in detecting AMD for earlier treatment in high-risk fellow eyes

(Johns Hopkins)

Co-investigator, 2007-2009

Small Interfering RNA In MacUlar Degeneration Study (SIRIUS): A 2 year, multicenter, randomized, controlled, masked, dose-finding trial to assess the safety and efficacy of multiple intravitreal injections of AGN211745 in subjects with subfoveal choroidal neovascularization secondary to age-related macular degeneration

Co-investigator, 2007-2008

Sirion Phase II randomized, double-masked, placebo-controlled, dose-comparison study of the safety and efficacy of fenretinide in the treatment of geographic atrophy in age-related macular degeneration

Co-investigator, 2006-2010

Phase IV, open label, multicenter trial of maintenance intravitreal injections of Macugen® (pegaptanib sodium) given every 6 weeks for 48 weeks in subjects with subfoveal neovascular age-related macular degeneration (AMD) initially treated with a modality resulting in maculopathy improvement (Eyeteck 1023)

Co-investigator, 2006

Study of the efficacy and safety of intravitreal injection of Macugen for neovascular lesions of AMD with recent onset

Co-investigator, 2006-

Macugen (pegaptanib sodium) for pathological myopia complicated by subfoveal choroidal neovascularization

Co-investigator, 2006-2010

Macugen (pegaptanib sodium) for angioid streaks complicated by choroidal neovascular membrane

Co-investigator, 2006-2010

A Phase IIIb, multicenter study to evaluate the safety and tolerability of ranibizumab in naïve and previously treated subjects with choroidal neovascularization secondary to age-related macular degeneration (SAILOR)

Co-investigator, 2006-2007

The effect of ruboxistaurin on clinically significant macular edema in patients with diabetes mellitus, as assessed by optical coherence tomography

Co-investigator, 2005-

A 6-month, Phase III, multicenter, masked, randomized, sham-controlled trial (with 6-month open-label extension) to assess the safety and efficacy of 700 µg and 350 µg dexamethasone posterior segment drug delivery system (DEX PS DDS) applicator system in the treatment of patients with macular edema following branch retinal vein occlusion or central retinal vein occlusion

Co-investigator, 2005-2007

A 3-year, Phase III, multicenter, masked, randomized, sham-controlled trial to assess the safety and efficacy of 700 µg and 350 µg dexamethasone posterior segment drug delivery system (DEX PS DDS) applicator system in the treatment of patients with diabetic macular edema

Co-investigator, 2005-2007

RNAi Assessment of Cand5 in Diabetic Macular Edema (RACE)

Co-investigator, 2005-2007

Natural history and genetics study of macular telangiectasia (MacTel)

Co-investigator, 2005-

Phase IV study of daily dosing (vs. previous “on demand”) of Cialis vs. Viagra vs. placebo and its effect on visual functioning in healthy males or those with mild erectile dysfunction

Co-investigator, 2005-2006

Veritas: A 24-month randomized, double-masked, sham controlled, multicenter, phase IIIB study comparing photodynamic therapy with verteporfin (Visudyne[®]) plus two different dose regimens of intravitreal triamcinolone acetonide (1 mg and 4 mg) versus Visudyne[®] plus intravitreal pegaptanib (Macugen[®]) in patients with subfoveal choroidal neovascularization secondary to age-related macular degeneration

Co-investigator, 2005-2006

Cand5 Anti-VEGF RNAi Evaluation (CARE)

Co-investigator, 2005-2007

Interval Dose Evaluation of Anecortave Acetate (IDEAA)

Co-investigator, 2005-2008

Ocular side effects of Cialis vs. Viagra vs. placebo

Co-investigator, 2005-2006

A Phase II, dose ranging, open-labeled, multi-center study to evaluate the safety and efficacy of combretastatin A4 phosphate for treating subfoveal choroidal neovascularization in subjects with pathologic myopia

Co-investigator, 2005-2006

An open-label study for the evaluation of tolerability of four dose levels of Cand5 administered by single intravitreal injection in patients with wet age-related macular degeneration

Co-investigator, 2004-2007

A Phase 4, randomized, active controlled, double masked, single dummy, multi-center comparative trial, in parallel groups, to compare the safety and efficacy of intravitreal injections of Macugen® given every 6 weeks for 102 weeks plus sham photodynamic therapy (PDT), to Macugen plus PDT® with Visudyne in subjects with predominantly classic subfoveal choroidal neovascularization (CNV) secondary to age-related macular degeneration (AMD) (Eyeteck 1012)

Co-investigator, 2005-2007

Protocol A43221001: A Phase 1 / 2 randomized, masked, placebo-controlled, single and multiple-dose, sequential dose escalation study of the safety and efficacy of AG-013958 in subjects with subfoveal choroidal neovascularization associated with age-related macular degeneration

Co-investigator, 2005-2006

A Phase II randomized, double-masked, multi-center trial, in parallel groups, to determine the safety, efficacy and pharmacokinetics of intravitreal injections of pegaptanib sodium compared to sham injection for 30 weeks in patients with recent vision loss due to macular edema secondary to central retinal vein occlusion (Eyeteck 1011B)

Co-investigator, 2004-2006

Open label, non-comparative protocol for use of 0.3mg intravitreal Macugen injections every 6 weeks in patients with AMD (Eyeteck 1010)

Co-investigator, 2004-2005

A Phase II prospective, randomized, double-masked, sham controlled, dose-ranging, multi-center trial to assess the effect of pegaptanib sodium on fovea thickening in patients with exudative subfoveal age-related macular degeneration (Eyeteck 1009)

Co-investigator, 2004-2006

Anecortave Acetate Risk-Reduction Trial (AART)

Co-investigator, 2004-2008

Protein kinase C β inhibitor study B7A-MC-MBDL. Reduction in the occurrence of center-threatening diabetic macular edema

Co-investigator, 2004-2010

A randomized, single-masked, multicenter, Phase 2 evaluation of the effect of photodynamic therapy using verteporfin (Visudyne® Therapy) in combination with intravitreal injection of either 0 mg, 1 mg, or 4 mg of triamcinolone acetonide in occult subfoveal and minimally classic subfoveal choroidal neovascularization (CNV) secondary to age-related macular degeneration (AMD): Visudyne with Intravitreal Triamcinolone Acetonide (VisTA) Trial

Co-investigator, 2004-2006

A phase III, multicenter, randomized, double-masked, active treatment-controlled study of the efficacy and safety of rhuFabv2 (ranibizumab) compared with verteporfin (Visudyne) photodynamic therapy in subjects with predominantly classic subfoveal neovascular age-related macular degeneration

Co-investigator, 2003-2006

The Implantable Miniature Telescope (IMT™) in patients with central vision impairment associated with age-related macular degeneration or Stargardt's macular dystrophy

Co-investigator, 2003-2005

A randomized, double-masked, multi-center trial of the safety, tolerability and pharmacokinetics of 1 mg/eye and 3 mg/eye intravitreal injections of pegaptanib sodium (anti-VEGF pegylated aptamer) given every 6 weeks for 54 weeks, in patients with exudative age-related macular degeneration (Eyeteck 1006)

Co-investigator, 2002-2006

A Phase II randomized, controlled, double-masked, dose-finding, multi-center, comparative trial, in parallel groups, to establish the safety and preliminary efficacy of intravitreal injections of EYE001 (anti-VEGF pegylated aptamer), given every 6 weeks for 12 to 30 weeks to patients with clinically significant diabetic macular edema (CSME) involving the center of the macula (Eyeteck 1005)

Co-investigator, 2002-2003

Intravitreal Steroid Injection Studies (ISIS)

Co-investigator, 2002-2006

Oculex Study: A Phase 2 randomized, multicenter, dose-ranging, controlled, parallel-group trial to assess the safety and effectiveness of dexamethasone posterior segment drug delivery system (DEX PS DDS®) in the treatment of persistent macular edema

Co-investigator, 2001-2003

Fluocinolone Acetonide in Diabetic Macular Edema (FAME 4) Study. A multicenter, randomized, masked, controlled study to evaluate the safety and efficacy of Retisert™, an intravitreal fluocinolone acetonide implant, in the treatment of patients with diabetic macular edema

Co-investigator, 2001-2007

Phase II/III randomized, double-masked, controlled, dose-ranging, multicenter comparative trial, in parallel groups, to establish the safety and efficacy of intravitreal injections of EYE001 (anti-VEGF pegylated aptamer) given every six weeks for 54 weeks in patients with age-related macular degeneration

Co-investigator, 2001-2005

Protein kinase C β inhibitor studies B7A-MC-MBCM. Diabetic Retinopathy Study 2

Co-investigator, 2001-2006

Phase IB open-label multicenter trial to establish the safety and pharmacokinetic profile of three consecutive injections of EYE001 (anti-VEGF pegylated aptamer) in patients with age-related macular degeneration without previous or concomitant photodynamic therapy with Visudyne™

Co-investigator, 2000-2002

TTT4CNV Study: Transpupillary thermotherapy for subfoveal occult choroidal neovascularization in age-related macular degeneration

Co-investigator, 2000-2004

Evaluation of efficacy and safety of a sub-Tenon's injection of anecortave acetate sterile suspension versus placebo in patients with exudative age-related macular degeneration (AMD) following treatment with photodynamic therapy (PDT) using Visudyne™

Co-investigator, 2000-2001

Open-label, multicenter, safety study of the treatment of predominantly classic choroidal neovascularization secondary to age-related macular degeneration using photodynamic therapy with verteporfin for injection

Co-investigator, 1999-2000

Evaluation of safety and duration of efficacy of anecortave acetate sterile suspension versus placebo following a single sub-Tenon's injection for the inhibition of neovascularization in patients with exudative age-related macular degeneration

Co-investigator, 1998-2001

Study of the matrix metalloprotease inhibitor, AG3340, in patients with subfoveal choroidal neovascularization associated with age-related macular degeneration

Co-investigator, 1998-2001

Verteporfin in Photodynamic Therapy Study

Co-investigator, 1998-2003

Protein kinase C β inhibitor studies B7A-MC-MBBK and B7A-MC-MBBM, Diabetic Macular Edema Study and Diabetic Retinopathy Study

Co-investigator, 1998-2002

Treatment of Age-related Macular Degeneration with Photodynamic Therapy

Co-investigator, 1996-2002

Vitrace™ for Vitreous Hemorrhage Study

Co-investigator, 1998-1999

Age-related Macular Degeneration and Thalidomide Study

Co-investigator, 1996-2000

Perfluron™ (perfluoro-n-octane) for use in the treatment of complicated retinal detachment

Co-investigator, 1995-1996

Oculon Study: Evaluation of the efficacy of OC-2 in the inhibition of cataract formation associated with vitrectomy surgery

Principal Investigator, 1993-1994

Hydrokinetic retinal manipulation using the viscous fluid perfluorocarbon perfluorophenanthrene study

Co-investigator, 1993-1994

SELECTED PRESENTATIONS AT LOCAL, NATIONAL, AND INTERNATIONAL MEETINGS AND SYMPOSIA

1. Recent advances in the treatment of diabetic macular edema. Cleveland Ophthalmological Society. Cleveland, Ohio, October 12, 2010.
2. Advances in the treatment of diabetic macular edema. Optometric Retinal Update Seminar. Westlake, Ohio, August 19, 2010.
3. A patient's experience with a retinal specialist. Optometric Continuing Education Program and Open House. Lorain, Ohio, January 13, 2009.
4. Interesting retinal cases. Optometric Retinal Update Seminar. Westlake, Ohio, June 18, 2008.
5. Update on lifestyle and dietary modifications for patients with age-related macular degeneration (AMD). Optometric Retinal Update Seminar. Youngstown, Ohio, September 18, 2008.
6. Update on lifestyle and dietary modifications for patients with age-related macular degeneration (AMD). Optometric Retinal Update Seminar. Westlake, Ohio, July 15, 2008.
7. Interesting vitreoretinal cases. Optometric Retinal Update Seminar. Beachwood, Ohio, February 21, 2008.
8. Rhegmatogenous retinal detachment. Optometric Retinal Update Seminar. Youngstown, Ohio, September 5, 2007.
9. Rhegmatogenous retinal detachment. Optometric Retinal Update Seminar. Westlake, Ohio, July 17, 2007.
10. Modern treatment of rhegmatogenous retinal detachment. Optometric Retinal Update Seminar. Beachwood, Ohio, February 15, 2007.
11. Update on lifestyle and dietary modifications for patients with age-related macular degeneration. Optometric Retinal Update Seminar. Youngstown, Ohio, September 28, 2006.

12. Lifestyle and for people with age-related macular degeneration. Seminar on Age-related Macular Degeneration, in conjunction with Macula Vision Research Foundation SupportSight. Solon, Ohio, June 3, 2006.
13. Retinal detachment. Parma Community General Hospital Retinal Update. Parma, Ohio, March 21, 2006.
14. Lifestyle and dietary modifications for patients with age-related macular degeneration. Optometric Retinal Update Seminar. Beachwood, Ohio, February 9, 2006.
15. Nutrition and dietary modifications - can what I eat affect macular degeneration? Seminar on Nutrition and Macular Degeneration (joint presentation of Retina Associates of Cleveland and Macula Vision Research Foundation SupportSight). Middleburg Heights, Ohio, October 29, 2005.
16. Complications of vitrectomy. Cleveland Ophthalmological Society Meeting. Cleveland, Ohio, October 11, 2005.
17. An overview of macular degeneration. Optometric Retinal Update Seminar. Westlake, Ohio, August 11, 2005.
18. Macular degeneration. Lakewood Hospital Medical Grand Rounds. Lakewood, Ohio, April 2005.
19. Lifestyle & dietary modifications for patients with age-related macular degeneration. Optometric Retinal Update Seminar. Beachwood, Ohio, February 15, 2005.
20. Case report: blindness following glue embolization of a right temporal arteriovenous malformation. American Academy of Ophthalmology Meeting. New Orleans, Louisiana, October 2004.
21. Infectious endophthalmitis. Parma Community General Hospital. Parma, Ohio, October 5, 2004.
22. Posterior segment manifestations of ocular worm infestations. Optometric Retinal Update Seminar. Westlake, Ohio, July 29, 2004.
23. Case report: a patient with diabetes and cystoid macular edema. Cleveland Ophthalmological Society. Cleveland, Ohio, February 10, 2004.
24. Update on vitamins, nutrition, and age-related macular degeneration. Optometric Retinal Update Seminar. Westlake, Ohio, August 12, 2003.
25. Vitamins, nutrition, and age-related macular degeneration. Optometric Retinal Update Seminar. Beachwood, Ohio, February 20, 2003.
26. Vitamins, nutrition, and age-related macular degeneration. Optometric Retinal Update. Cleveland, Ohio, August 2003.

27. Posterior vitreous separation, retinal tears and detachments. Optometric Retinal Update. Cleveland, Ohio, February 26, 2002.
28. Diffuse unilateral subacute neuroretinitis. Cleveland Ophthalmological Society. Cleveland, Ohio, February 12, 2002.
29. Sheen retinal dystrophy (co-authors: Polk TD, Gass JDM, Green WR, Johnson MW). Cleveland Ophthalmological Society. Cleveland, Ohio, February 6, 1996.
30. Blindness and diabetes. Hillcrest Hospital. Diabetes Educational Update: From Head to Toe. June 7, 1995, Cleveland, Ohio.
31. Vitreous surgery for the vitreomacular traction syndrome (co-author: Rice TA). The Macula Society Seventeenth Annual Meeting, February 24, 1994, Rancho Mirage, California. The Vitreous Society Annual Meeting, 1994, Aspen, Colorado. The Retina Society Annual Meeting, 1994, Williamsburg, Virginia.
32. Ohio Ophthalmological Society. June 6, 1993, Columbus, Ohio.
33. The aging eye. Lakewood Hospital Health Talks. August 26, 1992, Lakewood, Ohio.
